CLASSES FOR TEENS: AGES 11-17

IN-PERSON New! CAD for Teens

CAD, Computer Aided Design, is a professional software tool that enables architects, engineers, industrial designers, etc. to analyze, prototype, and optimize their designs. This is a great opportunity to give your student access to training on an industrial tool that enables them to make detailed engineering drawings and create 3D prints from them.

At SUNY Westchester Peekskill: CE-DGART 2113PE, \$217. 8 Sat., Oct. 3-Nov. 21, 10:00 am-12:00 noon. #79786

IN-PERSON Game Design

You play games on PlayStation, Nintendo Switch, and your mobile devices but did you ever wonder how to build an interactive game? The gaming industry is an exciting, burgeoning field that requires both technical ability and creativity. Students will work with a game designer to construct board games, design characters, build terrains, and interactive user experiences.

At SUNY Westchester Peekskill: CE-DGART 2016PE, 8 Sat., Sept. 19-Nov. 7, 10:00 am-2:00 pm, \$287. #79787

IN-PERSON Mixed Reality for Teens

Students will explore the endless possibilities of augmented and virtual reality and immersive computing. They will be exposed to the technical and experimental design foundation required for implementing immersive environments in current and future virtual, augmented, and mixed-reality platforms. Students will actively design their immersive worlds using the Unity 3D program.

At SUNY Westchester Peekskill: CE-DGART 2151PE, 8 Sat., Oct. 3-Nov. 21, 10:00 am-2:00 pm, \$287. #79788
